Notable features:

The 2-story and dormer houses are 1840-1845. All the others are replacements for earlier houses of the former kind. Number 949 is especially nice little building at the corner -- good form on Schroeder Street.

Environmental context:

Lots (14-15) at 921-923 have been cleared and 925 is vacant and derelict. Lombard Street is busy, one-way street, exceedingly noisy. More and larger street trees are needed. Row opposite is old and relates well since most are like the gable and dormer houses here.
